

Total Wheelspin

by DAVIS, TONY

Total Wheelspin

Whether debating the pros and cons of the chosen transport of superheroes, musing on why people (well, men) hang their arms out car windows, revealing the third best selling car of all time, or explaining why the school run is far more competitive than any F1 Grand Prix, each section is so compelling you won't want to stop turning the pages until you reach the end. Nor will you be able to stop yourself laughing out loud at the obscure facts, bizarre anecdotes, and vehicular follies of the motoring world as seen through the eccentric yet incisive perspective of Tony Davis.
