Bodacious The Shepherd Cat

I am Bodacious, The Shepherd Cat, and this is my story. In many ways, Bodacious is just like every other cat, he's independent, fussy and very self-assured. There's nothing he likes more than curling up to doze by the Aga. But unlike most cats, Bodacious has a rather unusual profession, Bodacious is a Shepherd Cat. This heart-warming memoir captures the highs and lows of idyllic Irish country living and all that it entails - early mornings, hard work, entertaining animals and mouth-watering food. In his own words (or mews, to be precise) Bodacious chronicles a year in the life of a Shepherd Cat, recounting his experiences of flocking his herd, his tales of the lambing season and the adventures that unfold.
