Slow Cooker

Fast Prep + Slow Cook = So Easy.

Spend a few minutes in the morning and dinner is waiting for you at the end of a busy day. And it's not just dinner - you can easily make jams, soups, stocks, even cakes and desserts in this one device. It's easy on the budget too - witness cheap cuts of meat transformed into fork-tender deliciousness. And it's easy to create tasty veggie stews, casseroles and curries. Whatever your tastes, the slow cooker helps you make it cheap, easy and super tasty.
