Putin's Playbook

The Russian collusion?hoax not only poisoned American politics but also sowed confusion about the real Russian threat to the United States.

President Vladimir Putin wasn't colluding with the Trump campaign, but as a former U.S. intelligence specialist makes clear in this eye-opening book, the judo-loving ex-KGB agent most

certainly has a plan to defeat the United States. Born and raised

in the Soviet Union, Rebekah Koffler came to America as a young woman. After 9/11, she joined the Defense Intelligence Agency, devoting her career to protecting her new country. Now she reveals in chilling detail Putin's long-range plan - his playbook? - to weaken and subdue the United States, preparing for the war that he believes is inevitable. With the insight of a

native, Koffler explains how Russians, formed by centuries of wartorn history, understand the world and their national destiny.
