

Zelensky

by URBAN, ANDREW L

Zelensky

From the most famous comedic actor in Ukraine to the most famous political hero in the world today, Ukraine's President Volodymyr Zelensky became the unlikely hero of our time. He led and inspired his country?and the entire free world?in the fight against the Russian invasion that began in February 2022, in which Russian President Vladimir Putin became a war criminal. This war, the first recorded in real time and broadcast on TV and across social media, will have long lasting consequences, but Zelensky's stature will never diminish.
