Draw People In 15 Minutes

Anyone can draw, and anybody who can already draw can always learn to draw better. In this book, best-selling author and art tutor Jake Spicer gives you all the skills you need to sketch the

human figure in just 15 minutes.

Good drawings aren't always the ones that you've spent a lot of time over - some of the best pieces are swift, energetic studies that capture the feel of the subject in a few well-placed lines.

This book contains a series of exercises that develop the core skills for drawing people, all of which can be completed in a quarter of an hour.
