'A memoir of life in the Trump-voting white working class is the

political book of the year? Sunday Times

'Hillbilly Elegy' is a passionate and personal analysis of a culture in crisis - that of white working-class Americans. The decline of this group, a demographic of our country that has been

slowly disintegrating over forty years, has been reported on with

growing frequency and alarm, but has never before been written about as searingly from the inside. J. D. Vance tells the true story of what a social, regional, and class decline feels like when you were born with it hung around your neck.
