Lego Super Nature

Children will love learning about nature with this reference book packed with more than 100 specially commissioned LEGO models. Discover the natural world with LEGO bricks!

Did you know there's a plant that eats insects? And a mammal that can fly? LEGO Super Nature is packed full of fascinating facts from the natural world, all illustrated with LEGO builds. Best of all, the book comes with bricks to make four exclusive LEGO mini-builds.

From insects, flowers and trees to mammals, birds and deepwater fish, LEGO Super Nature takes you on a tour of discovery through the wonders of the natural world. You will learn all about the amazing plants and creatures we share our planet with, their homes and the weird and wonderful things they get up to.
