

Independence Square

by Martin Cruz Smith

Independence Square

The later Renko novels are stark, spare and beautiful, like trees in winter. Martin Cruz Smith does more on a page than most writers manage in a chapter. He is unique and irreplaceable MICK HERRON. ARKADY RENKO IS BACK. Renko has been confined to a desk job by his superiors to keep him out of the way. Although he's more disillusioned with policing and the general state of Russia than ever, he feels an odd sense of hope. A rebellion is bubbling in the country, with new values butting heads against old-school regimes. But Arkady has just been diagnosed with Parkinson's and the physical and psychological effects of the disease are taking their toll. This time, he must fight more than the impenetrable Russian regime to get answers - he will need to fight himself.
